

The  
**DME Seminar**  
**Introduction to Water Desalination**  
**Technology – Markets – Environment**

takes place

**19 June 2019**

at  
 Instituto de Engenharia de São Paulo,  
 Brasil

**DME Seminar**

Again in 2019 DME repeats its seminar

**Introduction to Water Desalination  
 Technology - Markets - Environment**

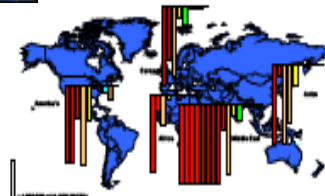

This Seminar addresses mainly representatives of politics, business and science, who want to acquire elementary technical and economical information about this important and rapidly growing branch.

In the framework of selected speeches internationally recognised experts will present an overview on the most relevant desalination technologies and their application. Furthermore they will present markets, potentials and trends in research and development.

**Technology**

**Cost & Markets**

**Environment**

**Program**

**From 8:30**

**Registration**

09:00 – 09:15 (15 Min.)	<b>Greeting</b>
09:15 – 10:45 (60 Min.)	<b>Markets</b>
10:15 – 11:00 (45 Min.)	<b>Desalination technologies in brief</b>
<b>11:00 – 11:15 (15 Min.) Coffee break</b>	
11:15 – 12:45 (90 Min.)	<b>Phase stable desalination</b> -Membrane technology (UF, NF, RO) -Ion exchange
<b>12:45 – 13:45 (60 Min.) Lunch</b>	
13:45 – 15:15 (90 Min.)	<b>Phase changing desalination</b> <b>MED – MEH - MD</b>
15:15 – 16:00 (45 Min.)	<b>Desalination systems in practice</b>
<b>16:00 – 16:15 (15 Min.) Coffee break</b>	
16:15 – 17:00 (45 Min.)	<b>Cost Aspects</b>
17:00 – 17:45 (45 Min.)	<b>Resources and Environmental Aspects</b>
